

# October Maintenance Programme 2005 – Final v2

This document is pursuant of the requirements for Transco under Section L 1.2.3 of the Network Code. Attached below is the FINAL version of the October 2005 maintenance plan.

## Information

The compressor unit outages and the pipeline uprating shown are not anticipated to have an impact on capability at the NTS Entry Terminals. There is no planned maintenance between 1<sup>st</sup> November 2005 and 31<sup>st</sup> March 2006.
